Who can get this offer?

Customers new to Lifeline and customers switching from another Lifeline carrier.

Can a customer switch from another Lifeline carrier to Assurance Wireless?

Many of our customers will be switching from another Lifeline carrier such as Safelink. You must ask each prospective customer if they already get a Lifeline discount. If the answer is yes, tell them:

- They **CAN** transfer/switch to Assurance Wireless.
- They can even keep their current phone number.
- Once their Lifeline discount is transferred to Assurance Wireless, they will no longer receive a Lifeline discount from their current carrier since they can only get one Lifeline discount per household.
- You must tell them, by applying for Assurance Wireless service, they are consenting to transfer their Lifeline benefit. If they do not want to transfer their Lifeline benefit from their current carrier, they should not apply.

Can current/longstanding Assurance Wireless customers get the new offer?

No. The new offer is for new customers only.

If you think they are going to switch to another service if they don't get some sort of upgrade immediately, tell them to call Customer Care at **1-888-321-5880**.
